A DULL DAY IN RECORDER'S COURT

Only eleven cases were on the docket for trial yesterday morning in the recorder's court and three of these were continued, one was nolle prossed and five of the defendants were discharged, leaving only two fines assessed.

The two defendants found guilty were fined \$2 and costs each, making the total revenue derived from the session \$6.

SAFETY BOARD TO RECONSIDER HARPER'S CASE

BOARD OF PUBLIC SAFETY LAST NIGHT AGREED TO GIVE OFFICER RECENTLY DISCHARGED FROM POLICE DEPARTMENT A NEW TRIAL.

Both E. E. Harper, the police officer recently dismissed by the board of public safety, on account of shooting Antonio Allifrio, and his father, J. T. Harper, being present at the meeting of that board held last night, it was announced, after hearing from the father of the young man that at the next regular meeting of the board the case will be re-opened and he will be given another hearing. This decision was reached after the chairman had stated that he would be glad to entertain any motion for a reconsideration of the case and after E. F. Preston, who seconded the motion to dismiss the officer at the previous meeting, had stated that he would be glad to have the matter reconsidered when a full board was in attendance.

Compromised Officer.
In speaking of the action of the board, Chairman Hargis, addressing his remarks to the father of the officer who was dismissed, said that he had the highest regard for the young man, that he knew he had made a good officer and had a good record, that he was an honest, clean young man and that he admired his frank statement made at the time of the trial by the board. He said the young man convicted himself and that by a misstatement of the facts he could have acquitted himself, but that he would not stoop to do so. However, under the circumstances, the chairman said he thought the board had acted wisely, but he would gladly entertain a motion for a rehearing if the other members of the board desired it.

Only three members were present last night and it is the desire of all of them to have the full board present at the rehearing, at which time it is very probable that the former action of the board will be reconsidered.

All Trials Postponed.
Since the last meeting of the board, charges have been preferred against a number of policemen and firemen, but upon motion of Joseph Johnson, it was agreed last night to postpone all of the trials until the next regular meeting. The names of those against whom charges have been preferred were not even read out last night.

Ask for New Fire Alarm Box.
Together with a communication from the chief of the fire department and a recommendation from the city engineer, including an estimate of the cost, a petition from the residents in that section west of A street, south of Wright and north of Government was read. They ask that a fire alarm box be placed at the corner of Garden and B streets.

The board decided to ask the council to appropriate the necessary amount to make the improvement, which it was unanimously agreed was needed.

Applications.
About a dozen applications for positions on the police force were read, but none of them being approved by the marshal, they were referred to him for approval. Among them were the applications of Joseph Goldman, W. W. Nesmith, L. K. Stubbs, Curtis Bonifay, Victor Holst, Jr., R. J. Williams, G. A. Ward, A. J. Tourant, W. C. Ward.

Proceedings.
Chairman Hargis and Messrs. Johnson and Preston were present and the minutes of several previous meetings were read and approved before entering upon the regular business.

The feed report of the chief of the fire department was read, showing the average cost per head of feeding the horses in the department for the month to have been \$11.86.

The report of the marshal was received and filed. Among other things it contained the following information: Arrests made, 397; amount of fines assessed, \$1,476; fines remitted, \$298; turned into treasury, \$728.28; cost of feeding prisoners, average of 71-2 cents per meal per prisoner.

The marshal was granted permission to turn over to several officers money due them as rewards for capturing straggling and deserting blue-jackets during the stay of the militia here.

The resignation of W. H. Stubbs as a member of the police department was accepted.

The Empire Laundry was granted a permit to store gasoline, the tank having been approved by the acting marshal and coming up to the requirements of all city ordinances.

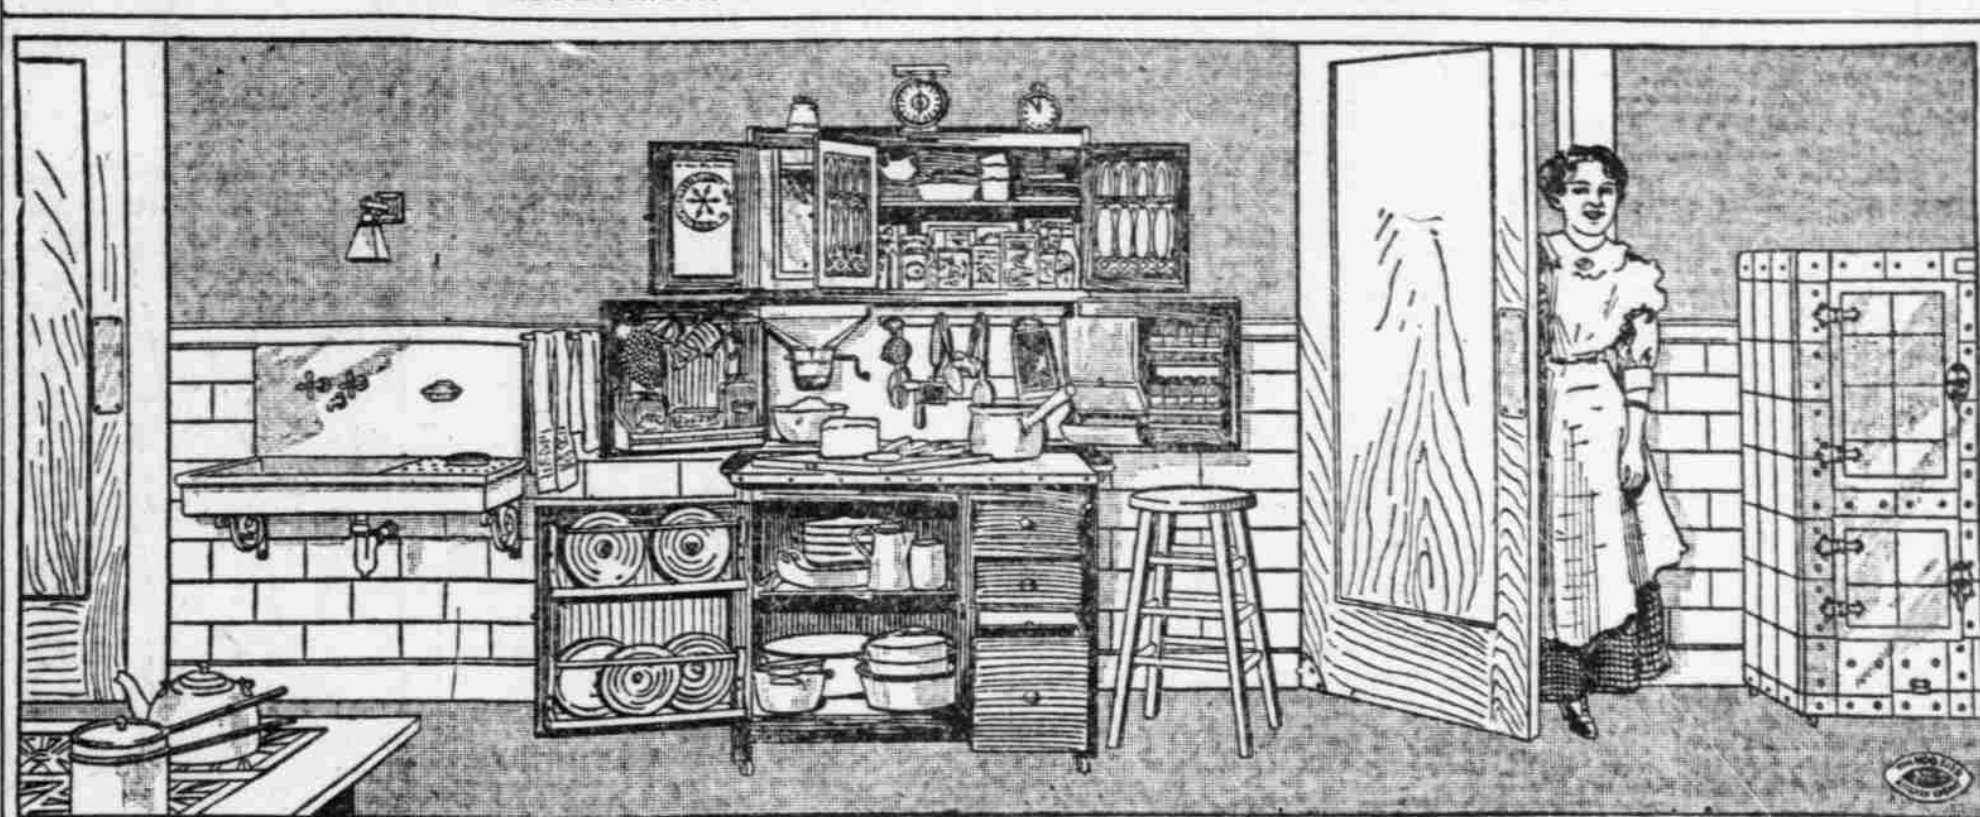

Fireman J. C. Nichols was granted a leave of absence of ten days, beginning April 23; Fireman G. W. Thompson was granted a leave of absence of 51-2 days, beginning April 27.

The chief of the fire department was authorized to accept the invitation of the Volunteer Veteran Firemen's Association to participate in the parade for the May picnic and was authorized to place whatever apparatus he found necessary and advisable in the parade.

After reading a number of interesting communications and approving the bills and payrolls, the meeting adjourned.

WE CLOSE FRIDAY AFTERNOONS—IN THE GOOD OLD SUMMER-TIME

In this Hoosier Cabinet the owner has put 110 dishes, 41 packages and more than 200 other articles. She saves miles of steps.

Only 36 More Women Can Join the Hoosier Club and Get This Famous Cabinet for \$1.00

A City of "Model Kitchens"

All over Escambia County women who own Hoosiers are delighted with their kitchens. Praises are endless.

"I wouldn't be without my Hoosier for \$100."

"My automatic servant."

"It is simply wonderful. It saves miles of steps for tired feet."

"The only perfect kitchen cabinet I ever saw."

"It saved me at least \$15 last year in supplies."

"It puts everything in my kitchen at fingers' ends."

Out of 450,000 Hoosiers sold you couldn't buy a second-hand Hoosier Cabinet for love or money anywhere in all America.

What You Get With The Hoosier

Without extra cost you get with the Hoosier a sanitary, metal flour bin, capacity 65 pounds; "clock-face" patented want list; roomy cupboard for cereals, dishes, etc.; metal sugar bin, dust proof; crystal glass air-tight spice jars; glass air-tight tea and coffee jars; handy utensil hooks; sanitary rolling pin rack; improved metal bread and cake box; metal cake tray, compartment cutlery drawer; linen drawer; large pot and kettle cupboard, pan racks, sliding shelf; convenient cutting board; patented aluminum covered table, 40x39 inches—larger, more convenient than a kitchen table; copper plated adjustable door fasteners; ball-bearing, high grade pressed steel casters. How a Hoosier Cabinet Saves Miles of Steps

Your table is the center of all your kitchen work. Everything you take to your stove, to your sink, to your dining room, first goes onto your table. Everything you bring from your pantry, refrigerator, cupboard, cellar, goes onto your table.

If you must walk from place to place to collect these things and put them back again, your kitchen is not ideal. It tires you.

Your ideal kitchen saves these steps by combining in the Hoosier Cabinet pantry and cupboard around a big table covered with pure aluminum.

The Hoosier Cabinet puts everything at your fingers' ends. You can sit down at work. Your table is not cluttered. Spices, sugar, salt, dishes, flour, utensils—everything has its place. You get through quickly.

STEAMER REPORTS GREATEST ICE FIELD EVER SEEN

By Associated Press.
New York, April 17.—What is said to have been the greatest iceberg field ever seen off the coast of New Foundland was skirted by the steamship Labretagne, which arrived here today. The field was seventy miles long and probably as wide, and the Bretagne was five hours in passing along its edge. Scattered among the small ice were between forty and fifty immense bergs.

ALL HOPE THAT LIST IS INCOMPLETE IS ABANDONED

By Associated Press.
London, April 17.—Although hope that the list of survivors of the sunken Titanic will be added to has been practically given up, offices of the White Star line in London, Southampton and Liverpool were again besieged this morning by throngs of anxious enquirers. Some of those who relatives were on board remained at the offices throughout the night scanning the lists given out during the early hours, which, however, proved not to contain any fresh names, but merely corrections of those given before.

While travelers generally understand the fact that the great liners do not carry enough boats to accommodate the whole of the passengers

and crew, to the general public that all on board the Titanic did not have a chance of saving their lives in this way came as a rude surprise and there is likely to be considerable agitation in and out of parliament on the subject. The lord mayor of London today opened a mansion house fund for the relief of the families of the crew of the Titanic and of any others left in needy circumstances in consequence of the disaster.

KILLED MOTHER-IN-LAW AND HIMSELF

By Associated Press.
Philadelphia, April 17.—Meyer Blank, 29 years old, shot and killed his mother-in-law, Mrs. Esther Wasserman, seriously injured his wife with a bullet and then ended his own life today.

Mrs. Blank was holding a five weeks old infant when she was shot. There had been a quarrel.

"The Leading Picture Show"

AMUSEMENTS.

At the Bijou.

Despite the rain and unfavorable weather, a good crowd greeted the local soprano, Miss Eva Berlin, at every performance at the Bijou yesterday. She sang "The Garden of My Heart" with a sweetness and range of voice that is remarkable and her every appearance was greeted with repeated encores.

Announcement has been made that Miss Berlin will again appear at the Bijou Friday and judging from the hearty welcome that she received yesterday there is little doubt but that she will prove an unusual drawing card. She will sing "Senora."

The Bijou's musical program yesterday was unusually complete. In addition to the song rendered at each performance by Miss Berlin, that phenomenal Scotch tenor, Douglas Robertson, also appeared and was received with the same hearty welcome of applause as has greeted his every appearance here since the beginning of his engagement several days ago.
